| <p>I. EINLEITUNG</p> <p>Zum Thema hinführender, möglichst allgemeiner Gedanke, der aber kein Argument vorwegnimmt. Einleitung endet mit dem Thema in Frageform.</p> | <p>Recently a number of high profile celebrity adoptions have attracted a lot of attention to the issue of foreign adoption. For childless couples it can indeed be the answer to their hopes. In many cases, however, mixed-race adoptions end in misery for parents and child. Would it therefore be best to ban adoption from overseas completely?</p> |
| <p>II. HAUPTTEIL</p> | |
| <p>Formulierung der eigenen Meinung in einem Satz, der die Themenfrage beantwortet.</p> | <p>I am completely opposed to this idea.</p> |
| <p>Argument 1, das die eigene Meinung belegt <i>inklusive einer stützenden Ausführung.</i></p> | <p>First of all one should consider the argument that there are countries where countless children have to lead a life in poverty and disease without parents and without any hope for the future. <i>In my view it is always desirable to provide them with decent living conditions, with food and a roof over their heads.</i></p> |
| <p>Argument 2, das die eigene Meinung belegt <i>inklusive einem stützenden Beispiel.</i></p> | <p>It is also worth mentioning that lately mixed race adoptions have become far more common than they used to be. <i>Take for example the U. S. The number of Chinese children being adopted by American parents is growing steadily and so are support groups and experts who can help them if problems arise which they had not anticipated and which they can't solve on their own.</i></p> |
| <p>Argument 3, das die eigene Meinung belegt <i>inklusive einer geeigneten Begründung.</i></p> | <p>A third aspect is that it will certainly do a society good to have to live with people from a different racial background. <i>To my mind it would be a good way to break down racial prejudice if you had someone with a different skin colour in your extended family or in your neighbourhood.</i></p> |
| <p>III. SCHLUSS</p> <p>Abschließender Gedanke, der keinesfalls ein neues Argument oder die Wiederholung eines Arguments des Hauptteils sein darf. Länge ähnlich wie die Einleitung ca. 1-2 Sätze.</p> | <p>To sum up, in my opinion the advantages certainly outweigh the disadvantages. Of course, potential adoptive parents should consider carefully whether they are up to such an important change in their lives, but there are certainly many examples that show how beneficial adoption can be for everyone concerned.</p> |
