

WINNING THE LOTTERY

Situation: *Winning the lottery is everyone's dream, but it might just as soon turn into a nightmare. You are a team of counsellors who have been asked to come up with a guidebook on "How to Survive a Lottery Win".*

INDIVIDUAL TASK

As a brainstorming, tell your group members how you would react if you won a million Euros at the lottery.

GROUP TASK 1

*As a group, discuss what you want to include in a guidebook that should help people not to become losers after winning. Consider the following aspects and try to make your advice as **detailed** and **practical** as possible:*

- What needs to be thought of **immediately** after the lucky phone call?
- **Partner, relatives, friends?**
- Change of **lifestyle?**
- **Job?**
- **Donations, presents?**
- Handling the **media?**
- **Financial** advice?
-

GROUP TASK 2 (OPTIONAL)

*You have agreed on including in your guide **real life examples** on how a lottery win turned people's lives into a nightmare. Come up with three **different** stories and make them sound as **realistic** as possible.*
